# AUSTRIA BREAKS OFF RELATIONS WITH AMERICA

## NAVY HUNTS SEAS FOR RAIDERS, DIVERS

Labor Pledges Sincere Co-operation to Government To Prosecute War  
**ENTENTE AGENTS AND WILSON AIDES CONFER**  
Mexican Border Situation Is Being Carefully Watched  
By Washington

By CARL D. GROAT  
(United Press Staff Correspondent)  
WASHINGTON, April 9.—The United States will work in full harmony with the allies, it was officially stated at the navy department today. In keeping with President Wilson's message to congress, "valuable co-operation will be undertaken."  
Secretary Daniels declined to say when this co-operation goes into effect or to what extent it will be carried.  
The presumption is that it is already under way, in part.  
Arrangements for full war co-operation between the United States and the allies may be completed this week. Conferences will be held at the state and navy building between representatives of the allied powers, particularly naval agents and heads of American navy and diplomatic services.  
**Co-operation Thorough**  
The co-operation is to be hearty and thorough. Preliminary discussion started Saturday, continued yesterday and doubtless other meetings will be held today.  
For the present, it is likely that the American navy will direct its efforts at clearing a part of the Atlantic of submarines and raiders, giving the allies a greater freedom of action than has been possible without American aid. Incidentally, reports of one or more raiders in the Atlantic persisted again today, though the navy idea generally was that the Nantucket shoals "raider" was only a drifting derelict.  
Aside from co-operation between the United States and the allies, the sincere co-operation of labor—a gigantic factor—has been pledged to the government. President Gompers, of the American federation of labor, has given assurance that there will be none of the labor disputes which for a time marred England's chances in the war.  
**Vital Effect On Moves**  
Entrance into the war of Brazil, Bolivia and perhaps others this week, bids fair to have a vital effect upon developments, adding as it does to the crushing weight against Hohenzollernism.  
New reasons for prosecuting the war relentlessly—if any such be needed—were furnished by Belgium atrocities reported by the state department showing conclusively that Germany's heartlessness is a menace not alone to Belgium but to the world. The report described Germany as gradually drawing the strangling steel net about Belgium—making her a vast internment camp.  
The department preparation for a big army under the expected congressional passage of the administration war bill, is ready for recruit work. At the same time the department is keeping every eye on the Mexican border situation, though the latest reports from General Pershing indicate no present cause for alarm.  
**Spy Hunt Continues**  
Other government branches are prosecuting thoroughly the hunt for German spies. Particular care is taken to strip the border of any of these intriguing German hirelings.  
The state department anticipated today that it would soon know official-

ly about the reported Austrian break in relations.  
**COMMERCIAL COOPERATION WITH ALLIES PLANNED**  
WASHINGTON, April 9.—It was announced today that commercial commissions will soon arrange the details of American commercial co-operation with the Allies as fully as military co-operation.  
**FURTHER MOBILIZATION OF MILITIA HALTED**  
WASHINGTON, April 9.—It was learned today that the administration has suspended further mobilization of militia, pending the adoption of a military policy by Congress.  
**SINKING OF DIVER IN HOT BATTLE BARED**  
SAN FRANCISCO, April 9.—The sinking by the British tank steamer Sequoia of a German submarine during a fight off the Cornish coast was revealed today following the arrival of the Sequoia in San Francisco.  
The submarine was destroyed after a hot 20-minute battle during which one man on the Sequoia was killed, three were wounded and the bridge and wheelhouse were carried away by shell fire. Finally a well-placed shell from the Sequoia struck the diver, which sank immediately amid a burst of flame and smoke.

**NEGOTIATIONS TO LIFT BLACKLIST TO START**  
WASHINGTON, April 9.—Negotiations between Great Britain and the United States, looking to the abandonment of the British blacklist against American firms are to begin within a few days, it was learned today.  
**GOVERNMENT CENSORS ALL MEXICO-AMERICA MESSAGES AT EL PASO**  
EL PASO, April 9.—The government today began censoring all Mexico American messages.

**500 JAPS AT SEATTLE PLEDGE WILSON THEIR SUPPORT IN CONFLICT**  
SEATTLE, Wash., April 9.—Five hundred Japanese here today telegraphed President Wilson, pledging their devotion to America and announcing that they have raised a military unit.  
**U. S. MAY CUT COAL SUPPLY TO ARGENTINE**  
WASHINGTON, April 9.—The United States government may shut off this country's coal supplies to the Argentine republic if that country persists in keeping an embargo on wheat to the allies.

**4000 UNDER MURGIA QUIT JUAREZ TODAY**  
EL PASO, April 9.—General Murguia with 4000 troops today suddenly left Juarez for Casa Grande. It is believed that an anti-Carranza movement is about to start in favor of Obregon.  
**INDIES PURCHASE U. S. DEFENSE STEP**  
COPENHAGEN, April 9.—It was authoritatively learned here today that America purchased the Danish West Indies largely to prevent the establishment of a German Zeppelin and submarine base there. The purchase was made because of fear that Denmark would be dominated by Germany.

## AIR WARFARE OF BRITISH WAGED ON UNDREAMED OF SCALE

Teuton Claims English Have Lost Aero Supremacy Stirs General

BY WILLIAM PHILIP SIMS  
(United Press Staff Correspondent)  
WITH THE BRITISH ARMIES AFIELD, April 9.—The British have inaugurated aerial warfare on a scale hitherto undreamed of, even in this greatest of wars.  
German claims that the British have lost their air supremacy spurred a certain English air general to reply today.  
"If the English losses appear high," he explained, "it is because their present fighting is on an undreamed of scale. The German boast of numerous planes downed, is therefore easily explained. We are fighting practically always above the enemy's country; therefore, a vast majority of all our casualties are behind their lines.  
"While we frankly admit the number of our machines which are missing, the Germans say none of theirs are missing. This is probably true. For even if they lost two to one, none of theirs is 'missing.' They are actually 'lost' because they have crashed down inside their own lines.  
"As long as we are able to carry the fight to the enemy, meanwhile keeping him away from our lines, none can truthfully say that we have lost the supremacy of the air."  
Correspondents here who are in, or just behind, the firing line, can say that the sight of a boche war plane is a rarity, whereas the British air forces are always patrolling in swarms. Even on fine days there are few German "sausages" (balloons) to be seen.

## EXPLORER SHACKLETON ARRIVES AT BAY CITY FROM LECTURE TOUR

SAN FRANCISCO, April 9.—Sir Ernest Shackleton, famous Antarctic explorer, arrives in San Francisco today from Australia, where he has been lecturing on his exploration experiences. Sir Ernest had planned to return in March, but so great was the demand for the man who traveled more than half way around the world to rescue six of his men that he had to stay. It was late in January that Sir Ernest rescued seven survivors of his latest expedition toward the South Pole. They were stranded near Ross Barrier.

## WILSON THANKS KING GEORGE

LONDON, April 9.—Thanks to King George for his "inspiring words" in greeting America's entry into the war, was expressed by President Wilson in the following message received by the king today:  
"Your eloquent message comes to me at this critical moment in our national life as proof of a community of sentiment among the free peoples of the world, now striving to defend their ideals, maintain the blessings of national independence and uphold the rights of humanity.  
"In the name of the American people and the government to which they look for guidance, I thank you for your inspiring words."

## POLICEMAN DIES FROM ALARM CLOCK SHOCK

KANSAS CITY, Mo., April 9.—Sergeant John Havemann, 55, policeman, died of heart failure when his alarm clock awakened him too suddenly.

## MAN AT EL CENTRO IS NABBED AS PLOTTER

LOS ANGELES, April 9.—Federal officers here today were advised that John Duhn has been arrested at El Centro, charged with plotting against America.

## HIGH COURT SUSTAINS OREGON WAGE LAW

WASHINGTON, April 9.—The Supreme Court today sustained the Oregon women's and children's minimum wage law and the Oregon ten-hour law.

## BRAZIL'S ENTRY INTO CONFLICT IS HELD NEAR AT HAND

Thousands of Germans Preparing to Quit Country; Ship Seizures Near

THE HAGUE, April 9.—Ministers in Berlin for the A. B. C. group of Latin-American powers (Argentina, Brazil and Chile), held an hour's conference with German Foreign Secretary Zimmermann on Sunday, dispatches from the German capital declared today. It was rumored that this action presages a rupture with Germany by united action of these three powerful South American nations.

BY H. B. ROBERTSON  
(United Press Staff Correspondent)  
RIO DE JANEIRO, April 9.—Announcement of Brazil's decision against Germany was momentarily expected today.  
Meanwhile thousands of Germans were preparing to quit the country.  
First steps of retaliation against Germany for sinking of the Brazilian steamer Parana and killing of Brazilian citizens, may be the seizure of the forty-one German steamships in Brazilian harbors.

Officials are still withholding any announcement of a course of action. The President and his ministers conferred today. Foreign Minister Muller declared:  
**Hinges on Probe**  
"Brazil's action will depend upon her own investigation of the sinking of the Parana, regardless of what course the other governments may adopt."  
It was apparent today that despite the public demonstrations in favor of war against Germany the government is exceedingly reluctant to sanction such a move. Minister Muller was quoted in one Rio newspaper today as asserting that Brazil "would break relations with Germany only if necessary." As against this, practically every Brazilian newspaper is demanding war.

It was generally admitted that Brazil has three courses open to her. First, to break relations; second, to confiscate all German vessels in Brazilian ports in retaliation for the unwarmed sinking of the Parana; third, to declare war.  
**War Held Imminent**  
Universal comment on part of the press and the public today held that the first two steps were simply forerunners of war and that an immediate declaration, taking the final step would be better.  
Declaration of war by the United States had a tremendous effect here in Brazil. There has been a revival of a Pan-American sentiment for unity of action with the United States because, it was held, Brazil's interests are closely interwoven with America's.  
Street demonstrations for war against Germany continued throughout today. The government has placed heavy guards around all the German steamships as well as around the German and Austrian consulates and legations.  
President Braz is constantly conferring with his cabinet.  
German Minister Pauli said today in event of a break in relations he would go to Montevideo to await instructions from his government. Allied ministers have agreed on a safe conduct for him and for the legation and consular staffs.  
**To Prevent Disorders**  
Drastic orders have gone out to all Brazilian police officials throughout the country to prevent disorders. In many sections feuding runs high against the Germans.  
There is considerable apprehension as to what effect a break, or war, would have on the 500,000 Germans in Rio Grande province. One rumor today had it that representatives of these half million Teutons held a secret meeting at Porto Alegre to decide upon a course of action.

## TRIPLE ATTACK MADE ON BRAZILIAN VESSEL

PARIS, April 9.—The Brazilian consul notified the government today that a German U-boat three times attempted to sink another Brazilian steamer which has just docked at Vigo.

## POSTMASTER WORRIED AS MOTHERS HELP CUT H. C. L. FOR STUDENTS

MANHATTAN, Kan., April 9.—Asked by the postoffice authorities at Washington to explain why his office needed so much extra help when those in other towns of the same size got along with less, Postmaster Winter informed them that there are 2000 students at Kansas State Agricultural College most of the year, that they are mostly poor boys and that their mothers help them reduce the cost of living by sending them cake and pie and baked beans and things by parcel post.

## SECRETARY OF STATE TO CLEVELAND DIES

BOSTON, April 9.—Richard Olney, secretary of state during the Cleveland administration, died at his home, 56 Fenway, last night, it was learned today. He had been ill for some months.

## U. S. ENVOY AT ZURICH DENIES KNOWLEDGE OF BREAK WITH AUSTRIA

ZURICH, April 9.—Frederick C. Penfield, American ambassador to Vienna arrived here today enroute to France and Washington. He insisted he had not been notified of any break in relations between Austria and the United States.

## CUBS WORK ON THEIR OWN DIAMOND TODAY

CHICAGO, April 9.—The Cubs had their feet on their native heath today. Arriving on an early train the regulars went immediately to their lot and put in some hard practice ticks.  
Much attention was given to Jimmy Archer, who is depended on to do the backstopping in the opening affair Wednesday.

## Open Bids April 11 For 38 Submarines; War Bills Passed

WASHINGTON, April 9.—Bids will be opened Wednesday for thirty-eight submarines for the navy, it was officially announced today.

WASHINGTON, April 9.—The general army bill, appropriating more than a quarter of a billion, was today reported to the Senate, marking one of the first steps taken as Congress began its first week of real war work.  
The immediate passage of the general army bill was urged by Senator Chamberlain.

Another war step taken by the Senate was the unanimous passage of a bill providing for the punishment of persons convicted of destroying war materials. Coming under the head of "war materials" in this bill are railroads, docks, etc.

A bill for the establishment of a submarine base at Panama was submitted to the Senate today.

The problem of raising \$6,750,000, 000 for the "pay as you go" struggle was faced by Congress as it began work today. House and Senate leaders have virtually decided that approximately fifty per cent of the first year's expenditures—\$1,750,000,000—must be drawn from taxes.

Bills increasing the number of appointments to Annapolis and increasing the age limit of officers in the naval reserve to fifty-years were introduced today.

**2 Billions Bond Issue**  
A further bond issue of \$2,000,000, 000 will be asked to be held in readiness for use by the United States army and navy.

The United States will loan \$5,000, 000,000 to the entente allies. This sum will be raised by a bond issue at 3 1/2 per cent interest, simultaneously with the \$2,000,000,000 issue to be used by

harbor of Havana have been seized. Extreme solemnity marked the Senate's passing of the state of war measure. Tremendous applause marked the reading of the resolution in the House and the bill was passed amid electrifying scenes.

## MASSSED BRITISH ON WIDE FRONT ROUT FOES

LONDON, April 9.—British forces attacked in force on a wide front from south of Arras to south of Lens today "making satisfactory progress," according to report of Field Marshal Haig today.

"Everywhere we penetrated the enemy's lines," the British commander in chief declared.  
"In the direction of Cambrai we stormed Hermines and Boursiers and penetrated into Havincourt wood," the statement asserted.

"In the direction of St. Quentin we captured Fresnoy le Petit and are advancing on a line southeast of Leverguir," the statement continued.

The report asserted there was no estimate of the number of prisoners as yet, but that a considerable number had been reported captured.

## S. F. APARTMENT HOUSE GUESTS PERILED AS FIRE RAZES GARAGE

SACRAMENTO, April 9.—Nineteen automobiles were destroyed by a fire which burned the Montana Garage early this morning and spread to the American apartments adjoining, driving the guests to the street in their night clothes. The loss is conservatively estimated at between \$50,000 and \$60,000. A number of valuable cars were among those burned. John Singwall, assistant sergeant at arms of the assembly, and Peter Dugan, assistant, sergeant at arms of the senate, each lost a car. The fire, which at first threatened to gut the apartment, was brought under control after the upper floor was partially burned. Below was a large general market and grocery, which suffered from water and smoke.

## COL. W. L. KENLY HEADS BAY CITY AIR SCHOOL

SAN DIEGO, April 9.—Colonel William L. Kenly will take command of the United States army aviation school here Wednesday, succeeding Colonel W. A. Glassford who will go on the retired list.

## PASSPORTS ASKED BY VIENNA'S ENVOY

Breach Ordered Yesterday, Is Charge Zwiendek's Word To State Department

**RECALLED TEUTONS TO NUMBER ABOUT 200**

No Surprise If Bulgaria and Turkey Follow Lead of Dual Monarchy

WASHINGTON, April 9.—Austria formally broke relations with the United States today.

The Austrian charge, Zwiendek, called at the state department and asked for his passports. He informed the department the order for his action was issued yesterday.

A short time earlier Minister Stovall at Bern, cabled the department that the break was ordered yesterday.

Ambassador Penfield knows nothing of the break in relations, as he left Vienna on April 7.

There has been no change, however, in the status of relations between this government and Turkey and Bulgaria, it was officially stated.

It would not be surprising, however, if they shortly followed the lead of Austria.

The passports will be immediately available for Baron Zwiendek, for Count Tarnowski—who has never been received here as Austrian ambassador—for the entire embassy staff and for all Austrian consular, diplomatic and commercial attaches throughout the country.

The German party that sailed with Count von Bernstorff when he was given his passports numbered about 200 persons. The Austrian party that will leave with Zwiendek and Tarnowski is expected to reach close to that number.

Probably it will be at least a week before the usual formalities can be gone through and the Austrian party started on its way.

Following the break with Austria, America is seizing all interned Austrian ships.

It is announced that Sweden will handle Austrian interests here.

Whether President Wilson will declare a state of war against Austria is unknown.

## NAVY YARD GIVES OUT WARNING OF STRANGE CRAFT OFF U. S. COAST

BOSTON, April 9.—The Charleston navy yard warned coastwise shipping today to be on the lookout for a "suspicious" vessel," reported by a British vessel, in a wireless warning. Censorship immediately closed down after the warning and naval officials refused to comment.

Nervousness held shipping in its grasp following this report for the second time within twenty-four hours.

## ADJUTANT GENERAL AT PHOENIX CONSIDERS DRAFTING FOR GUARDS

PHOENIX, April 9.—The adjutant general here today is considering a draft if the Arizona militia does not reach its full strength by the voluntary system. The governor is interested in the organization of a rough rider regiment. Douglas has purchased two machine guns, which citizens are learning to operate.

**CREW OF TORPEDOED YANKEE SHIP LANDED**  
PARIS, April 9.—All the crew of the American steamer Seward, torpedoed without warning in the Mediterranean, have been safely landed, according to official word received here today.  
Lloyd's register does not list an American steamer named "Seward."

## RUTHLESS AUTO PILOT INJURES BOY, FAILS TO STOP HIS CAR

Clarence Jessee Felled and Suffers Brain Concussion On South Main Street

Saturday night Clarence Jessee, aged 18, was run over by a ruthless automobile driver, who went on, leaving his victim lying bleeding beside the road. Jessee's head and legs were cut and bruised, and the result of concussion of the brain.

The accident occurred on South Main street about fifty yards south of the Delhi road between 1 and 2

**Carlson & Goff**  
603 North Main St.

o'clock Sunday morning.

The injured boy is the son of A. L. Jessee who lives a mile and a half west of Delhi. Members of the Jessee family attended a dance given Saturday evening at the Delhi dance hall. About 1 o'clock Clarence acted as escort for a number of members of the Webster family living on South Main street. He was returning to the dance hall, where his father and others of his own family awaited him.

Clarence says that he noticed that an automobile was coming up behind him from the north. Clarence got entirely off the pavement, and was probably three feet off of it when the machine coming up from behind him suddenly swerved off the pavement and struck him.

**Tracks Bear Out Story**

This story of the affair is borne out by the tracks of the automobile, which left the pavement only five or six yards north of the point where the boy was struck. The boy was carried probably fifty feet before he fell from the fender. In the meantime the automobile had swerved back to the pavement.

Clarence may have been on the ground several minutes before he recovered consciousness. He staggered three or four blocks to the dance hall. How he managed to keep going he does not know.

Wondering why his son had not returned, A. L. Jessee stepped out of the dance hall and found the boy leaning dazedly against a telephone pole.

"An automobile ran over me," said the boy, and within a minute he had gone into a faint from which he did not recover for eight or ten hours.

A cut three inches long across his left eye brow, cuts and bruises on his cheek bone and forehead indicate that the boy was thrown face down on the ground. His legs have the appearance of having been run over by the machine. No bones were broken. While the danger of serious results from the blow on the head it not over, the boy's condition today is encouraging.

**No Brakes Thrown On**  
Examination of the tracks of the automobile show that the brakes were not thrown on. Evidently the speed was not slackened.

Bits of broken glass were found near the spot where an accumulation of blood indicates that the injured boy lay for several minutes. A part of this glass has been frosted as a dimmer, the frosting being by grinding. This furnishes the sheriff's office the only clue to the automobile that struck young Jessee. The matter was being investigated today by Deputy Sheriff Cravath.

Garages and auto supply places have been requested to keep a look-out for the broken lamp.

## BURGLAR TAKES COIN AND RING

North Main Street Home Entered While Family Was Away At Church

Last night the home of I. L. Haier at the corner of North Main street and La Veta avenue, West Orange, was entered by a burglar, who got away with \$7.50 or \$8 in money and a signet ring.  
The thief came while the family was at church last evening. A screen was cut and unhooked, and the thief climbed in. He used matches for light. A small "pig" bank, containing \$5 or \$6, and \$2.50 in money found elsewhere, and a woman's signet ring, engraved with the letter J, were taken. Deputy Cravath and Maxwell hunted for finger prints but found none.

## 'WILD BILL' SCOTT, VOTES 'WRONG' BUT HE DOES KIND ACTS

SACRAMENTO, April 7.—The Senate journal one day this week contained this paragraph:  
"On request of Senator Scott the privilege of the floor of the Senate chamber for this day was unanimously extended to Mrs. L. O. Macomber of Stockton."

There's a bit of human interest behind that paragraph. Senator Scott is not a relative of Mrs. Macomber; she is not a friend of the family; in fact, "Wild Bill," as Senator Scott is known, had never seen the woman before.

"She's a nice little elderly lady," explains "Wild Bill," "and she came in here Tuesday and seemed to be sort of bewildered. I asked her if she was looking for someone and she said she simply wanted to see the Senate in action. All the chairs back of the railing were occupied and she wanted to know if it would be all right if she stood over against the wall. So I got the privilege of the floor for her, had a page bring her a chair beside my desk and she sat there and watched us for an hour or more. That's all there was to it."

That's "Wild Bill" Scott. He's loud-mouthed for booze and doesn't care who knows it; he's outspoken, blustering and breezy and generally votes "wrong" on every moral issue that comes before the Senate and yet he is continually doing acts of kindness for some little friendless kid or some aged lady who seems to feel she is out of place in the legislative halls.

**MUSTEROLE—QUICK RELIEF! NO BLISTER!**  
It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone.  
Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, strains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

## LA HABRA'S HOME GUARDS READY TO MEET EMERGENCY

LA HABRA, April 9.—Friday night La Habra organized a home guard. The meeting in the fire hall was attended by about 150 men who took an active interest in the proceedings. Nichols was chosen captain, Roland Craig of Harvard Military College, first lieutenant, and A. J. Wilson, second lieutenant. The first drill will be held on Thursday evening. A list of fire arms was taken and signals arranged for emergencies. Everything is being systematized so that prompt action may be taken at any time.

## COMPANY OF HOME GUARDS BE FORMED

ANAHEIM, April 9.—Steps looking toward the formation of a home guard at Anaheim will be taken at a meeting Tuesday night. The home guard will be drilled under the supervision of the police and Marshal Kellenberger has expressed himself as heartily in sympathy with the movement. One and possibly two sections will be formed and drills will be held a couple of times a week.

## DOG THOUGHT TO BE RABIES VICTIM KILLED

FULLERTON, April 9.—Displaying all symptoms of rabies, a dog belonging to Roy Hampt, of East Wilshire avenue, was shot Saturday night by Marshal French. No one is believed to have been bitten by the animal. A bulldog owned by a family living near the Hamptys is to be examined for rabies.

## SEEKING PERMIT TO SERVE ELECTRICITY

An application for authority to serve electricity in San Juan Capistrano and surrounding territory, and to construct a transmission line from Oceanside to that town, was filed with the State Railroad Commission, Saturday, by the San Diego Consolidated Gas and Electric Company. The company operates under a franchise granted by Orange county, and proposes to serve San Juan Capistrano at the same rates as San Diego county.

## WOMAN DIPLOMAT WEDS EMBASSY SECRETARY

WASHINGTON, April 9.—Miss Violet Erskine, daughter of the late Thomas Erskine of the British consular service and herself a secretary and an authority on international relations at the British embassy here, was married today to Horace Seymour, third secretary of the embassy. In marrying, Miss Erskine gives up her career as the first woman diplomat officially connected with the British government. The couple had intended returning to England for their honeymoon, but the international situation may cause a change in the plan.

## ONLY WOMEN UPON KANSAS FILM BOARD

TOPEKA, Kan., April 9.—The new Kansas film censorship board is made up entirely of women. In the personnel of the new board Governor Capper has retained but one member of the old board, Miss Carrie Simpson of Paola, and added two new members. They are Mrs. J. M. Miller of Council Grove, and Mrs. E. L. Shortt of Kansas City, Kan. Of the 100 requests for appointments less than a dozen were from men.

According to gossip in Topeka, the administration of the board is to be anything but smooth if the censorship follows the line of the old board. The new censorship law, besides raising the salary of the chairman to \$1,800 and the other two members to \$1,300, permits the film companies to make appeals to the courts instead of the old appeal board composed of the governor, the attorney general, and the secretary of state.

## RED CROSS TAG DAY ADDS 182 NAMES TO CHAPTER

### Local Residents Evidence Interest In National Organization

The Red Cross membership campaign conducted last Saturday netted 182 new members in Santa Ana with subscriptions amounting to \$224.45. Garden Grove is reported to have collected \$39. With the additions made Friday night and Saturday the membership of the Santa Ana chapter is now about 350. Plans will be made later for a house-to-house canvass in the interest of an enlarged membership for the local chapter.

The campaign of Saturday was not on the line of soliciting, the subscriptions being voluntary. The stations were in charge of girls from the high school, and the young ladies were faithful in their duty. The "mothers" assigned to stations were also faithful and assisted the girls materially.

Six stations were in operation during the day, being located at prominent business corners.

The station at the postoffice collected the largest amount, with the one in front of the White Cross drug store, Sycamore and Fourth a close second. The former collected \$67 and the latter \$66.25, the one cents being a small donation by some one.

Miss Mary Wall today sent in a \$5 subscription to the Chamber of Commerce, and this will be turned over to Dr. Wehrly, secretary of the local chapter.

Membership blanks have been left.

### SCHOOL TEACHER

Anaemic, Run-Down, Nervous—How She Recovered

—There are so many cases like this right here in Santa Ana that we are publishing this interesting letter with the hope that some of our customers will try Vinol and get the same happy result that Miss Baez did.

Key West, Fla.—"I am a teacher and became anaemic, nervous, run-down, no energy or desire to do anything. I could not sleep and had that languid, nervous feeling that made me a burden to myself. I had taken various tonics without benefit. I heard of Vinol and tried it. Soon I had a good appetite, could sleep all night and it built me up so I have the ambition to do any kind of work."—Mary L. Baez, Key West, Fla.

The reason Vinol was so successful in this case is because it is a constitutional remedy that goes to the seat of trouble. The peptonate of iron, manganese and glycerophosphates contained in Vinol enriches and revitalizes the blood, while the strengthening, tissue-building properties of beef and cod liver peptonate aid in building up the tired, overworked, run-down system. ## FORD AUTOMOBILE GIVEN TO MEXICAN MISSIONARY HERE

Several of the churches of Santa Ana and Orange and the County W. C. T. U. have jointly purchased a new Ford for the use of Rev. Mendoza, the pastor of the Spanish Mission in Santa Ana. This machine is to be used by the pastor in his work among the Mexican people throughout the county. It will greatly assist in this work as it will enable him to cover the ground much more effectively, making it possible for him and his workers to go quickly to different parts of the county and hold religious services in the Mexican language.

"This will be an effective means of lifting up these people to a higher level of religious life and citizenship," said one of the donors today.

"What the Mexican people need to make them good citizens is the gospel of Jesus Christ. They must get this from one of their own tongue because only a Mexican can understand the Mexican people."

"In Rev. Mendoza the Christian people of the county have an earnest Christian who is devoted to the betterment of his own people."

"There is no more important mission field in the world than among the Spanish speaking people of America. We look for good results from this up-to-date, united effort of the church people of this community."

## SUPPLICATE GOD TO GUIDE THIS NATION IN WAR

### Impressive Easter Services Held By Home People Yesterday On Hill Tops

Special pleas for the guidance of the Allwise in this time of the nation's need were made at the impressive Easter Sunrise services at Hewes Park and Red Hill yesterday, which were attended by several hundred Orange county worshippers.

At both services action was taken which will result in all the churches of Santa Ana, Orange and vicinity participating in annual Easter services at one of the two places.

Services at Hewes Park were under the auspices of the Epworth Leagues of the First Methodist Episcopal Church of Orange and Santa Ana. The sunrise prayer service here was held at 6:30 o'clock with over 400 participating in the impressive services.

The music was led by Eldon Farrar of Orange. The program was opened with a cornet solo, "Nearer My God to Thee," by Rev. F. G. Watson, pastor of Richland Avenue church, Santa Ana, and was followed by a resurrection hymn led by the orchestra of the First M. E. church of Santa Ana.

Will Kroner, president of the Orange Epworth League, read Luke 24: 1-2 as the Scripture lesson, and Miss Leah L. Fernald led the Epworth Leagues in the opening prayer.

Harcourt W. Peck, pastor of the First Methodist church of Santa Ana, gave the address, taking as his theme Luke 24:2, "They found the stone rolled away from the sepulchre."

Rev. John Hall, pastor of Orange church, led in prayer and made a special plea for the guidance of God in this time of the nation's need.

At the conclusion of the services a motion was made and carried that the young people of all the other evangelical churches of Orange and Santa Ana be invited to unite in Easter services next year.

On the summit of Red Hill yesterday morning gathered two hundred worshippers from the Young People's Societies and churches of Santa Ana and vicinity to commemorate the Resurrection of Christ in beautiful services of praise and testimony.

The morning was cool and bracing, and although the sun was hidden behind the fog the beautiful panorama was just as inspiring. The speakers stood on a rock a little below the brow of the North peak, with the audience gathered round them seated on rocks or the ground. It reminded one of the stories of how the multitude used to follow Christ about the slopes of Palestine, to sit and learn at his feet.

After the singing of the old familiar hymns, Rev. Spicer of Orange took charge. He proposed a resolution of thanks to E. G. Holmes, the owner of the property, for the use of it, which was unanimously adopted. Another resolution was adopted, looking forward to a union meeting at the same time and place next year of all the Young People's Societies of the county—Methodist, Baptist, Christian Endeavor and others.

Rev. Spicer spoke of the meaning of the Resurrection of Christ to the world, how it placed the stamp of authority on all that He taught and did, and what have been the tremendous results of His life and teachings. Rev. J. G. Kennedy of Santa Ana then continued the subject of the Meaning of the Resurrection as applied to individual lives, and closed his talk by drawing out from his audience words of willing testimony to the joy of the Christian life.

At the close of the meeting the idea was suggested of making this Red Hill "mountain-top" meeting an annual Easter service that would draw worshippers from all of Orange county—to make it the "Mt. Rubidoux" service of Orange county.

"Like a breath of pure, sweet, fresh air in a stuffy room," the leader said, "has this meeting been to me. And I for one would like to see it continued. I came here with business cares pressing, and go away with peace and joy for the whole of the coming year."

### Thousands On Rubidoux Herald Easter Morn

RIVERSIDE, April 9.—A mighty prayer that peace might come into the world and the devastations of war come to an end went up from Mt. Rubidoux from 20,000 souls gathered.

### TWICE PROVEN

—If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Santa Ana evidence—doubly proven.

Mrs. C. M. Madison, 901 East Sixth St., Santa Ana, says: "I have used Doan's Kidney Pills and consider them a good medicine. My kidneys showed signs of weakness and a general disorder. Doan's Kidney Pills helped me from the start and gave me such good satisfaction that I have never hesitated to speak a good word for them. I keep this medicine in the house and use it occasionally and it always brings relief." (Statement given March 26, 1913.)

On February 8, 1916, Mrs. Madison said: "I am as firm a believer in the merits of Doan's Kidney Pills now as when I recommended them before. I always receive prompt relief from their use."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Madison has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

to acclaim the dawn of Easter Morning.

The services were highly impressive. At the approach of dawn, the worshippers faced the East and, led by Marcella Craft, a chorus of 500 voices sang, "Unfold Ye Portals Everlasting."

As the light in the east grew, traffic came to a halt as the Rev. Charles F. Aked stretched forth his hand and commanded silence. "The Holy City" was sounded upon a cornet and then 500 voices under the leadership of Ernest G. Eardley burst forth.

"In the cross of Christ I glory," "Towering o'er the wrecks of time,"

Led by Dr. Aked the invocation and the Lord's Prayer followed. The noted divine sought that there might be peace in the world and a cessation of the devastation of war.

"Hear Ye, Israel" was sung by Miss Craft, who has been a pilgrim to the Rubidoux services for the past three years.

The responsive reading participated in by the people was led by the Rev. Benjamin S. Haywood.

Further impressive services were held.

The largest crowd in years thronged Riverside and Mayor Oscar Ford declared the pilgrimage a huge success.

Climbing the trail leading to the cross at the foot of the mission cross, east of Ventura, where he had gone to conduct Easter services, the Rev. C. H. Lawrence, 58, pastor of the Ventura Methodist church, suddenly put his hand to his heart and collapsed, dying later at the Bard Hospital, whence he was taken.

Thousands in Southern California joined in conducting Easter services at various points. In addition to the rites on Mt. Rubidoux services were held on Mt. Wilson, Mt. Lowe, Mt. Hollywood and at Eagle Rock. Impressive services were held in the Owensmouth Greek Theater. An inspiring service was held on Angeles Mesa. Beautiful services were held in churches in Los Angeles and other Southern California cities.

### MOTORCOP CLEANS MUD FROM N. MAIN PAVEMENT

City Motorcop Cook took a "spill" on North Main street this morning, damaging his motorcycle, injuring his left foot and covering his uniform with mud.

Cook was riding south on Main and as he neared the intersection of Church street, an automobile came from the latter street. To avoid a collision the cop applied the brake. The rain had made the pavement slippery and the rear wheel skidded, sending Cook sprawling on the pavement. He cleaned up the street for about twenty feet and now his uniform is in the hands of a cleaner.

When the machine fell over it caught his left foot between the wheel and the mudguard, spraining it a little.

This is the "whysore" of Cook's appearance on the streets this afternoon in citizen's garb.

## TWO DISTRICTS TIE IN SCHOOL ELECTION

El Toro and Olive Must Go Through Another Contest to Reach a Decision

In Friday's school elections over the county, ties occurred in two of the districts, and in each another election will have to be held. At El Toro, W. G. Olds and Harry Swartz tied, and in Olive district E. W. Squires and William Hall came in neck and neck, each with thirty-one votes.

Commonwealth held no election, the clerk of the board having failed to post election notices. Results received at the office of the county school superintendent up to noon Saturday were published Saturday. Reports received since then follow:

San Juan, O. Woodard; Day City, Ann Dyson; Newhope, N. Trudeau; Placentia, J. C. Thamer; Paulmarino, S. Flint; Newport Beach, Jessica F. Raiche; Peralta, E. W. Pyne; Silverado, Naomi A. Schulz; Joseph Holtz, Earl Miller; Loara, George H. Barry.

## TUSTIN, 3-2, BEATS FRUMENTO BROS.

Bunching hits in the seventh inning, the Tustin baseball club on its East First street grounds yesterday afternoon scored 3 runs, its opponents, the Frumento Brothers' team of Los Angeles, coming back in the eighth frame with 2 runs, 3 to 2 in favor of the Tustinites being the score at the close of the contest.

Tustin made six hits and two errors. Frumento Brothers made four hits and seven errors.

## MEXICANS ARE NOT GOING TO LOWER MEXICO

That Is Conclusion of Sheriff After Another Day's Investigation

After another day spent by Sheriff Jackson and Deputy Cravath in investigating conditions and sentiments among the Mexicans, Sheriff Jackson is convinced that there is nothing to the report that Mexicans from this section are quitting their jobs and returning to Mexico, supposedly to join an army.

"There is a scarcity of labor in many places over the state," said the sheriff, "and the Mexicans are hunting for better wages. What is more, they are getting better pay. Yesterday I was at Anaheim, Buena Park and Los Alamitos, and I am convinced that the scarcity of Mexican labor in this county is not due to the return of Mexicans to Mexico."

"I found that a good many of the Los Alamitos Mexicans have gone to Van Nuys. Best thinking contractors are hustling for help all over Southern California, and the pay has gone up. It seems to be currently reported among the Mexicans that big wages are being paid in other beet growing sections."

Jackson reported that he found many Mexicans at work in the fields. Nowhere was there any excitement, excepting in a poolroom at Los Alamitos when he walked in on a gambling game and pinched the players.

If the hundreds of Mexicans reported to be quitting jobs in Los Angeles were returning to Mexico, certainly some one ought to see them going through. Today Deputy District Attorney Koepsel got an authentic report from San Juan Capistrano stating positively that there has been no rush of Mexicans southward through that section. Not only was there no rush, but hardly any have been seen walking along the railroad.

Cincinnati Man Tells How to Shrive Up Corns So They Lift Out

Ouch ! ? ! ? This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says freezone is a sticky substance which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce, which will cost very little at any drug store, is said to be sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.—Advertisement.

### THE DIVINING ROD

Along comes the United States Geological Survey with a club and knocks in the head popular fancies concerning the divining rod and water witches. That does not mean that people are going to quit pinning their faith in such things, for it is a demonstrated fact that when in doubt a large number of people in the United States—and Orange County has them, too—seize almost any kind of a thing that will let in the light, even though that light be but the glow of a distant lantern carried by an airy fairy. The report made by the Geological Survey, however, indicates that the department is sick and tired of answering questions concerning the utility of divining rods, and the intimation of the report, a copy of which has been received by the Register, is that the department is about through spending money investigating the myth.

According to the report, water witching is an ancient institution, for it dates back at least as far as the middle of the sixteenth century. That it has modern practitioners need not be questioned here, for it was only a few months ago that a man who said he was a wonder with a water witching machine traveled around the Tustin section with a machine that trembled like a leaf or turned somersaults or did something of that sort every time it was over a supposed underground stream.

Water witching has many of the characteristics of fortune-telling, weather prophesying and calamity forecasting. If out of a hundred guesses one guess turns out to be a correct guess, a great hullabaloo is made over that one bit of successful prognostication. When a weather prophet's guess happens to be right we recall his statements and marvel, but if he guesses wrong—and they all do—ordinarily, no one is interested enough or mean enough to parade his short-comings. However, it remained for the Oceanside Blade to produce an unkind communication written by a man named Herbert Crouch, whose name might have been Grouch, for he wrote:

Oceanside, 3rd April, 1917.  
This season seems to have been a very hard season on the Weather Prophets.  
Father Ricard of the Santa Clara University forecast rain over the whole state for March 13, 16, 20, 24, 27, 30. For April 3, 7, 10.  
The Carlsbad Forecaster has not hit the nail on the head the whole season. I have no doubt he mixes a little Prayer with his prophecies, for he is a man of deep religious sentiment.  
The Escondido Prophet was away out, too.  
Getting back to the government report on the divining rod, the introductory note of the investigator is interesting. It follows:

The use of a forked twig, or so-called divining rod, in locating minerals, finding hidden treasure, or detecting criminals is a curious superstition that has been a subject of discussion since the middle of the sixteenth century and still has a strong hold on the popular mind, even in this country, as is shown by the large number of inquiries received each year by the United States Geological Survey as to its efficacy, especially for locating underground water, and the persistent demands that it be made a subject of investigation by the Survey. The bibliography shows that a truly astonishing number of books and pamphlets have been written on the subject. The purpose of the present brief paper is not to add another contribution to this enormous volume of uncanny literature, but merely to furnish a reply to the numerous inquiries that are continually being received from all parts of the country. The outline of the history of the subject presented in the following pages will probably enable most honest inquirers to appreciate the practical uselessness of "water witching" and other applications of the divining rod, but those who wish to delve further into the mysteries of the subject are referred to the literature cited in the bibliography, in which they will find reports in painful detail of exhaustive investigations and pseudo-investigations of every phase of the subject and every imaginable explanation of the supposed phenomena.

It is doubtful whether so much investigation and discussion have been bestowed on any other subject with such absolute lack of positive results. It is difficult to see how for practical purposes the entire matter could be more thoroughly discredited, and it should be obvious to everyone that further tests by the United States Geological Survey of this so-called

"witching" for water, oil, or other minerals would be a misuse of public funds.

A large number of more complicated devices for locating water or other minerals are closely related to the forked twig. A favorite trick for appealing to uneducated persons and yet making specific disproof impossible is to give as the working principle of such a device some newly discovered and vaguely understood phenomenon, as, for example, radioactivity. Many such devices have been in existence since the seventeenth century, and almost without exception the claims that are made for them are very great. If any genuine instrument were invented its merits would no doubt in time become well recognized, as have those of other real inventions. The magnetic needle used in detecting iron ore is, of course, not included in this category of spurious instruments.

It is by no means true that all persons using a forked twig or some other device for locating water or other mineral are intentional deceivers. Some of them are doubtless men of good character and benevolent intentions. However, as anything that can be deeply veiled in mystery affords a good opportunity for swindlers, there can be no reasonable doubt that many of the large group of professional finders of water, oil, or other minerals who take pay for their "services" or for the sale of their "instruments" are deliberately defrauding the people, and that the total amount of money they obtain is large.

To all inquirers the United States Geological Survey therefore gives the advice not to expend any money for the services of any "water witch" or for the use or purchase of any machine or instrument devised for locating underground water or other minerals.

### With Malice Toward None

By Henry James

Observers at a distance always wonder whether an army retreats because it wants to or because it has to.

Judging by what Russians say now, it took them a remarkably long time to find how little Nicholas knew about the business of czarizing.

One of these loan sharks was sent to jail the other day for refusal to pay alimony. Don't know whether his refusal was justifiable, but jail serves him rightly, anyhow.

Let the abdication of the czar be regarded as a model for the rest of the bunch. Only the process would be more pleasing if voluntary.

In the matter of cyclones and poets Indiana seems to have all competition beaten by miles and feet.

When a girl who is innocent pleads guilty to a charge of burglary in order to acquit her lover who is known to be guilty, the credit she gets for generosity hardly offsets the wickedness of lying.

The man who has the nerve to sue over "lost love" ought to employ his nerve for some real purpose. The sort of love that skips off with the casual acquaintance isn't worth bothering about, and it is too bad to be cramming the court dockets with flubdub.

If one man could not throw another in a wrestling match the fact would be strange enough to attract attention.

Two strangers promised a man "the sight of his life," and so managed to lure him to a spot where they could beat him over the head with a stuffed sock. The sight he since has pined for is one squirt at the money they took.

One of the movie stars now calmly informs interviewers that his salary is a million. He seems to mean it when he says it, for he really is a clever actor.

There is no utility in calling names. Besides, the paper would not consent to print the names I would be glad to apply to certain of the pacifists.

One man celebrated his ninety-seventh birthday as a neighbor was celebrating the ninety-fifth. Fine old pair. The first says he has used tobacco all his life, and the second ascribes his wealth of years to abstention from the filthy weed.

Philadelphians, not all of them, are clamoring that in this emergency love and good will should be permitted to rule. Sure thing. They ought to have printed their ideas in the form of a tract and shipped a few to the interned gentlemen bent on blowing up a navy yard.

The trouble with these crowned heads is that while being trained to balance on a shaky throne they never learned a trade. If turned out to hustle they simply are up against it.

Montana's congresswoman says she has decided views but is not ready to let go of them. Probable she desires to demonstrate that it is possible to be a woman and yet keep a secret. Or perhaps she fears the fashion in vies may be about to change.

Can't understand why the Pacific coast should have been denied the right to have a national automobile show, when there are more autos to the mile here than in any other part of the country. Some fresh guy will be forbidding the National Orange show next.

Some of the correspondents on the other side who had been subsidized seem to have experienced the pain of parting from the payroll. They have lapsed into silence and there must be some reason for this other than conscience, since they are devoid of conscience.

Recently there was observed passing along the streets a showy and commodious automobile, which, as the inquisitive were informed, cost \$12,000. Probably it was worth the money, but there is no need to fret. If you can't afford one like it, the flivver ever is available. In the absence of the price of a flivver, maybe your friend has a machine and a kind heart. Then

## Today Voting Wet or Dry

San Bernardino Sun, April 8

San Bernardino is going dry tomorrow—that The Sun is persuaded. Not only so, but it is going dry largely in the name of business, of efficiency. The myth that liquor makes business has at last been exploded. Twenty prosperous states, and towns and cities by the score have furnished the examples that forever silence the argument that saloons are necessary for commercial prosperity.

None of the other arguments formerly urged against the sale of booze have lost any of their power or potency. It is still the prolific cause of crime, of poverty, of insanity and dependency, of suffering and degradation. It has lost none of its power to appeal. But it was not the moral reformer or the preacher of the social service who that finally started John Barleycorn down the toboggan at the rate he has been slipping in the last three years. It was the efficiency expert, the cold-blooded representative of big business who told the boss that alcohol not only dazes the brain, but palsies the finger of the worker, that

it reduces the output of the factory and the mill, that it increases the liability to accident, that it endangers not only the life of the drinker, but of all others associated with him in employment, and that, in general, the employer gets more for his money paid for labor when labor is sober, strictly sober, than when it tipsles.

That discovery was a solar plexus blow to strong drink. Along came the greatest war in history, and nation after nation and commander after commander announced that alcohol wins no battles, in the field or in the munition factory, while the banishing of vodka in Russia made of it first of all a sober nation, then a prosperous nation—and shall we say it, a free nation. For as a correspondent of The Sun put it the other day, the Russians were hardly thoroughly sober until they unloaded the most autocratic government known to the civilized world. But before it did that, the Russian people, vodkaless, were making a financial history that acknowledges no equaling record.

## Better Work With Fewer Members

Memphis News Scimitar

For many years the public generally has realized that the House of Representatives in Washington is too large and unwieldy, and that the membership ought to be reduced. The politicians and those who are filling the offices or who expect to fill them are naturally opposed to any reduction, and the avidity with which they go after the position of congressman-at-large shows how vigilant they are in letting no opportunity escape.

Many of our leading statesmen, and especially those who are nearing the end of their long service are in favor of reducing the membership of the House of Representatives under the census of 1920. Among these is Speaker Clark, who has long realized from experience that the present body is too large, and while he is perhaps as much responsible for its present dimensions as any other individual, the fact that he has come out in favor of reducing the membership to

something like 300 is most encouraging.

We need a Congress that will be workable and efficient, but the way things are going now the popular branch of our national legislature has degenerated into an undisciplined mob, where no one feels any sense of responsibility, because the burden is divided among so many. There are members of Congress in the lower branch who are regular only in their attendance upon the paymaster. They are never heard of and are seldom seen during the sessions unless they have some pet measure that they wish to put over, or unless they are in pork barrel cahoots with other members who have pet measures.

A body consisting of 300 members would be an enormous improvement over the present membership, although the country could get along with a smaller body. If Speaker Clark can bring about the necessary reform he will go out of office with the thanks and respect of the country.

Orange, Cal., April 6, 1917.

To Editor Register: Is the Red Hill district aware of the fact that the Salt Lake is running surveys preparatory to the building of a line from Olive, to somewhere beyond Red Hill?

The Red Hill district is assuredly one of our beauty spots, and as such, has an asset that is of more than sentimental value. Can a single one of its fortunate growers contemplate with equanimity the marring of its beauty and peace, by an ugly embankment, possible huts for section hands, and probably tramps?

And, practically, is there any advantage to the growers in such a line? With good roads and auto trucks it is certainly doubtful. Hauling cannot be gotten away from, and once the fruit is on the trucks and out of the orchard, the cost of an extra mile or two's haul is negligible.

### HOME PREPAREDNESS

BY CARL VROOMAN  
Assistant Secretary of Agriculture; Member of the National Emergency Food Garden Commission.

(Written for the United Press)

WASHINGTON, April 9.—Among the simple, nutritious foods which should be listed on every housekeeper's list of Home Preparedness is the Soy or Togo bean. It is used for human food in Japan and other countries, though not much yet in this country.

When soy beans sell for 15 cents a quart, 10 cents worth will supply over 5 ounces of protein. Ten cents worth of beef at 20 cents a pound supply 1 ounce of protein. Soy beans contain 26 per cent protein, 18 per cent fat and 28 per cent carbohydrates as compared with 24 per cent protein, 1 per cent fat, and 62 per cent carbohydrates in navy beans.

This not only makes them a fatty food but it makes it possible to cook them without the addition of pork or other fat. Soy beans can be used in almost exactly the same way as navy beans. To prepare baked soy beans, soak the beans overnight in cold water; in the morning add a pinch of soda and boil the beans in the water in which they were soaked. Pour off the water and use it for making soup. Put the beans in a baking dish, add two level teaspoonsful of salt, cover them with water, cover the dish and bake 6 to 8 hours, leaving the dish uncovered during the last hour. It is unnecessary to flavor them with molasses as their natural flavor is delicious.

Since the soy bean contains no starch the liquid in which they are cooked isn't thickened and the beans remain separate. If this is considered objectionable, the liquid can be thickened with corn meal, one-third of a cup to a quart of beans.

The skins of the soy beans can be removed by boiling the beans for ten minutes and allowing them to cool overnight in the same water and then rubbing between the hands. Most persons prefer the beans without the skins. They have a more delicate flavor and are, probably, more digestible when thus prepared.

SEAL BEACH, April 9.—H. W. Lewis and G. S. Guinipa of Long Beach and Ray Thompson of Los Angeles were the winners of first, second and third prizes in motorcycle races held on the beach here yesterday.

## WATCHING THE SCOREBOARD

The Angels and Seals now occupy the proud eminence at the head of the league standings.

Wolverton's outfit horned into the elite class by trouncing the Tigers twice yesterday in two beautiful games. It took them eleven innings to grab the second.

The Seals led to the ninth when the Tigers tied it up on hits by Callahan and Doane. In the eleventh Quinn walked Fitzgerald who was bunted to second and scored on George Malsel's lovely single to center.

The Oaks and Angels split the two Sunday games fifty-fifty. Hali held Del Howard's crew to three hits in the morning and took a perfectly played contest 2 to 1.

In the afternoon Jack Ryan allowed only five hits but they were nicely mixed up and permitted the Oaks to score thrice. One of the three runs—in the seventh—was tallied without a hit.

Murphy walked, stole second, was sacrificed to third and scored on a sacrifice fly.

The Beavers and Bees totaled nine hits apiece but Helfrich's wildness and the Bees' habit of group hitting aggregated seven runs for them to three for Portland.

Willie topped the left field fence with a home run.

The second series of the season starts tomorrow, with Oakland at San Francisco, Los Angeles at Salt Lake and the Tigers and Beavers at Los Angeles.

### AMUSEMENTS

**The Princess**  
"The Bronze Bride" is the best Red Feather release for many a day. The whole play is marked by clever photography and well maintained atmosphere with plenty of thrills and pathos blended so as to create a story of interest.

The Canadian and Indian atmosphere has been well sustained and the acting well done. "Fighting" Eddie Polo was in his element in a number of fictitious encounters. It will appeal to that class of patrons who enjoy thrills. Its human appeal adds to its interest. At Princess, Tuesday only.

**Clune's Theater**  
Hawthorne failed badly in handling the climax of his wonderful novel, "The Scarlet Letter," which William Fox has produced as a film drama. He let a rare dramatic situation slip through his fingers.  
A new plot has been followed in the film and has produced a situation a hundred-fold more dramatic than that created by the famous author.  
It will be at Clune's tonight and tomorrow.

**Temple Theater**  
Miss Alice Brady has done some splendid work in motion pictures, but in "The Dancer's Peril," her latest picture for the World Film Corporation, she does some of the very best work of her entire career. In this new picture she is seen as the bright particular star of a Russian ballet.  
This picture will be seen at the Temple Theater tonight.

**BAO COLDS FROM SUDDEN CHANGES**  
Spring brings all kinds of weather and with it come colds and the revival of winter coughs and hoarseness. Dr. Bell's Pine-Tar-Honey will head off a new cold or stop the old one, the soothing balsams relieve the sore throat and heal the irritated tissues. Get a bottle today and start treatment at once. At your druggists', 25c. Formula on the bottle.

**LITZAW IMPROVING**  
J. M. Litzaw, who shot himself here last Friday in the office of Attorney Bishop, is much better today, and it is now believed he will recover.

**CARD OF THANKS**  
—We wish to extend to our many friends our grateful appreciation for their kindness and loving sympathy during our recent bereavement.  
F. L. GLINES AND FAMILY.

**BREA TEAM DEFEATED**  
BREA, April 9.—By a score of 4 to 1 the Tufts-Lyon baseball team defeated the Brea team here yesterday afternoon.

## SURPRISE THEIR FRIENDS

**Miss Hazel Goetz and Leonard Hamaker Married At Riverside On Friday**

Miss Hazel Goetz, daughter of Mr. and Mrs. John Goetz and Leonard Hamaker, son of Mr. and Mrs. C. A. Hamaker, both well known young people of this city, slipped away to Riverside on Friday, without advising either relatives or friends, and were quietly wedded by Rev. H. M. Jamieson at the United Presbyterian church parsonage.

The young people were accompanied by Mr. and Mrs. Sterling Newcomb of Taft, the latter being the bride's sister. The Newcombs were guests at the Goetz home, the bride also being at home from Oxnard, where she had been staying with her grandfather and attending school.

The young groom has been attending Junior College, but will take his bride to Los Angeles to reside, having accepted a position at the Axelson Iron Works, Mr. Axelson being his uncle.

The many friends of the young people will wish them much happiness and prosperity.

## M. and K. Club

The M. and K. Club was entertained last Friday evening by Mr. and Mrs. Will Phillips at Wintersburg. Besides the club members and relatives and friends, about forty were present. Music and conversation served to pass the evening most pleasantly.

Mustard blooms and flags made effective decorations, and refreshments consisted of coffee, sandwiches, olives, cookies and candy Easter eggs.

## Steak Bake at Balboa

A merry party of members of the Webster Debating Club of the high school went to Balboa last Friday evening and enjoyed a steak bake at Rocky Point. Many other good things to eat accompanied the juicy meat. There were about thirty in the party and a right merry time was spent, the night being a beautiful one.

## MEMBERS ENROLL

**Daughters American Revolution Join Red Cross, Meeting Takes Patriotic Note**

Mrs. Charles F. Smith entertained the Santa Ana Chapter, D. A. R., on Saturday afternoon in her beautiful new home, at 1717 North Broadway. The rooms were attractively decorated with lovely pink roses and sweet peas.

A large attendance of members and the discussion of matters of importance made the meeting one of unusual interest.

The enrollment of members in the Red Cross Society was a feature of the afternoon and the chapter voted to present \$10 to the fund for Company L. Plans for work along the lines outlined by the Red Cross Society were decided upon as nearly as can be at this time and the chapter is ready to respond to a special call from the Regent, at which time a definite line of work will be defined.

The program opened with roll call, each member responding to her name, with a pleasing little sketch of "Patriotic Women," after which Mrs. Jesse Albright sang a beautiful number, "Spring," accompanied by Miss Carolyn Houghton.

Miss Bess Henry read an interesting paper, "The Part of the South," and Mrs. J. N. Bartholomew gave a brief sketch of "Green's Generalship."

The hostess, assisted by her sister, Miss Preble Drake and Mrs. F. H. Eley, served tea, cake and sandwiches.

Miss Mabel Butler of the Oakland chapter of Oakland, Calif., and Miss Florence Clark of Claremont, Calif., were guests and the following members were present: Regent, Mrs. A. J. Crookshank and Mmes. Albright, Bartholomew, Browning, Humphrey, Martin, Fyfe, Prescott, Roberts, Rutan, Stenson, Strong, Stuteman, Smith and Misses Abbott, Edwards, Bess and Birdina Henry, Miss Mabel and Ada McFadden, O'Brien.

The next meeting will be on the first Saturday in May, at which will occur the annual election of officers.

## Delightful "500" Party

Miss Blanche Anderson entertained a group of friends Saturday afternoon at a delightful "500" party at her home on East Chestnut avenue. Gold of Ophir roses were used for the lovely decorations, butterflies and little birds being perched about.

The place cards and tally cards held little hand-painted chickens, the yellow color tints being carried out in the delicious collation.

Miss Elizabeth Givens won the first prize and Miss Florence McArthur the consolation.

Present were Mrs. Esther Falk, Mrs. Sam Barker, Misses Avis Winkles, Helen Carden, Hazel Johnson, Helen Remsburg, Florence McArthur, Anita and Elsie McDonald, Lorraine Roberts and Elizabeth Givens.

## W. C. T. U. Meeting

The Santa Ana W. C. T. U. will meet Tuesday, April 10, at 2:30, at the home of Mrs. J. H. Rankin, 815 Spurgeon street, Mrs. Eva C. Wheeler, a state worker, talented as a reader and public speaker, will be present, and a good attendance is desired. All interested in temperance work are cordially invited.

## HOUSE PARTIES

**High School Young People On Trips to Balboa For Vacation Week Joys**

A number of house parties made up of high school students have gone to Balboa this week to enjoy a period of rest and recreation from the austere life of school life. A series of dances, bathing parties, wicker bakes and other beach pleasures have been planned.

Mrs. Evans, the class mother, and Mrs. Hammond, are in charge of the following young ladies: Misses Blanche Hill, Roberta Dawes, Margaret Lyon, Marjorie Hammond, Ardis Burns, Marguerite Tedford, Hazel Pentecost and Christine Watson. The party left yesterday afternoon and are occupying F. W. Beckwith's cottage.

Another party is composed of Hilary Tyrell, Virgil Pentecost, Simon Fluor, Austin Ober and Burr Shafer. Mrs. Miller and Mrs. Hickox are chaperoning Misses Lila and Ada Hoy, Ethel and Edna Miller, Ruth and Jewel Hickox, Clandine Seaver, Hattie Brown, Orpha Holbrook and Vivian Newman.

## Pleasant Dancing Party

Cassius Paul was host at a delightful informal dancing party on Saturday night to a few of his high school mates. Miss Dorothy Mead gave some of the dancing music and the remainder was furnished by the gramophone.

Punch was served the merry-makers during the evening and light refreshments were served by Mrs. Paul before the young people departed.

The chaperones were Mrs. Ruby Hickox and Dr. and Mrs. J. E. Paul, parents of the popular young host.

Those enjoying the evening were Misses Ruth Hickox, Helen Walker, Violet Wieseman, Laura Davis, Dorothy Mead, Jewel Hickox, Mildred Paul, Messrs. Dick Garstang, Bernard Packard, Keith Davis, Chas. Linwood, Ralph Beals.

## Book Review Section

The Book Review section will meet tomorrow evening with Mr. and Mrs. W. B. Tedford. E. L. Sumner will talk on George Bernard Shaw.

## Celebrated Ninth Birthday

Donald Schuch celebrated his ninth birthday anniversary on Saturday afternoon at the home of his parents on West Second street.

The children passed the time happily away with games of various kinds. An Easter egg hunt being a feature. Donald received the prize and also many appreciated gifts.

Ice cream and cake were served the children upon a table prettily decorated with Gold of Ophir roses and a birthday cake topped with nine tiny flags.

Mrs. Schurr was assisted by Mrs. George Atzar of Garden Grove and Mrs. Fred Woodin.

The guests were Arthur and Jack Casey, Leslie Carmack, Vernon and Harold Pee, Frank Alderman, Edward Albert and Ralph Woodin, Clark and Floyd Best and Robert Schurr.

## Easter Dinner

Mr. and Mrs. Thomas Ash gave a pleasant Easter dinner at their home on South Sycamore street, those present being Mrs. Rogers, Mr. and Mrs. Park Ash, Mrs. Cora L. Bower and little son Carl.

Mrs. Bower and son, who have been visiting friends and relatives in this city, returned to Los Angeles yesterday, where Mrs. Bower will finish her course at Normal school, before returning.

**Pleasant Entertainment Promised**  
For those interested in temperance work a treat is in store next Tuesday evening, April 10, when Mrs. Eva C. Wheeler, talented as a reader and impersonator, will give an entertainment at the First Presbyterian church. Mrs. Wheeler comes under the auspices of the W. C. T. U. and is worthy of a good audience. A silver of tending will be taken.

**Epworth League Elects**  
At the meeting of the Epworth League held at the First Methodist church Friday evening, the following officers were elected: President, Will Speer; first vice president, Miss Annis Snow; second vice president, Miss Violet Wieseman; third vice president, Miss Gladys Neff; fourth vice president, Miss Lillian Breed; secretary, Miss Lydia Fisher; treasurer, John Wehrly.

Following the meeting, games were played and refreshments served.

**For Daughter's Birthday**  
A pleasant birthday supper, honoring the birthday of Mrs. J. W. Sauers, was given Saturday evening by Mr. and Mrs. A. R. Rowley, parents of the honoree. The table was centered with a beautiful potted Easter lily and the ice cream was served in little flower pots topped with a tiny blossom. The

Besides the hosts, Mr. and Mrs. Sauers and family, there were present Misses Louise Tubbs, Nancy and Carrie Elder. The evening was spent with jolly chat.

## IMPRESSIVE WEDDING

**Miss Cecile Fross and Thomas Willis, Jr., Plight Troth Last Evening**

Deciding suddenly that they would wed, Miss Cecile Fross, the dainty little daughter of Mr. and Mrs. V. H. Fross, and Thomas Willis, Jr., son of Mr. and Mrs. Thomas Willis, planned an interesting but very simple wedding.

The winsome bride, who is most popular in high school and church circles, is a member of the First Presbyterian church choir and had a prominent part in the Easter program, which she carried through with her usual excellence, despite the thoughts of the momentous occasion, which was to follow the evening service.

After singing her solo in the evening anthem, the little bride slipped away to her home to don her wedding gown, and following the benediction given by the pastor, Rev. J. A. Stevenson, Miss Fross and Mr. Willis entered unattended to the strains of Lohengrin's wedding march played by Prof. Harry Garstang, following a beautiful rendition of "Because" by Clifford Johnston.

Mrs. Margaret Caldwell Gehrett, who held the bride's bouquet while the golden band was slipped upon her finger, sweetly sang "Believe Me If All Those Endearing Young Charms."

The petite little bride was gown in a lovely white crepe meteor with chiffon and silver lace trimmings. At the request of Mrs. Ernest Crozier Phillips, she wore Mrs. Phillips' filmy wedding veil with a wreath of fragrant waxen orange blossoms and carried a cluster of graceful Easter lilies and maiden hair ferns.

Among the relatives present were Mrs. Celia Onstine, great aunt of the bride, of Los Angeles, who is in her eightieth year and who has not been away from home for a year, but she made an effort to be present at the nuptials, in charge of her son and wife, Dr. and Mrs. Warner Onstine.

Mr. and Mrs. Willis went to Los Angeles and will visit other points before returning home, where the popular young groom is employed with the W. F. Lutz Company. Their home will be selected upon their return.

Both young people are well known and popular in the high school and other circles and have hosts of friends who will extend congratulations and best wishes.

**MRS. RUSSELL HONORED**

**Mrs. E. G. Holmes Gives Farewell For Pastor's Wife On Saturday Afternoon**

Mrs. Otto S. Russell, who with her husband and daughter, Miss Virginia, left today for their future home in Slater, Mo., was complimented with a farewell party on Saturday afternoon, at which Mrs. E. G. Holmes and her daughter, Mrs. Grace Wright, were the gracious hostesses.

The hostesses were assisted by Mrs. C. D. Holmes and Mrs. W. E. Winslow, the latter planning the beautiful and artistic decorations.

In the library yellow roses were utilized and in the living rooms Japanese wisteria, forget-me-nots and sweet peas, while tulips and jonquils graced the dining room.

During the afternoon Mrs. Russell was presented with a beautiful Pullman cap and bag to match and in the latter she gathered up sealed letters written in rhyme, which she will read upon her journey. A toilet case also accompanied the pretty gifts. Mr. Russell was sent a silver salt and pepper case, with which to remember some of his friends.

Misses Elsie and Norma Wingood and Mildred and Laura Taylor pleased the company with delightful readings and late in the afternoon a delicious four-course collation was served.

A long table occupied the dining room and small ones were placed about the other rooms, centered with the yellow blossoms. The golden tint was seen in the nut baskets and throughout the menu and a corsage bouquet of yellow roses and maiden hair was found at each cover.

About thirty-five guests were in attendance and in bidding Mrs. Russell farewell after five and a half years of happy friendship, all wished her continued good health and happiness.

The guest list included: Mmes. Otto S. Russell, Mr. Phillips, Holmes Bishop, C. E. French, W. E. Winslow, F. W. Taylor, J. W. Taylor, W. W. Crozier, J. S. Runyan, Carey Smith, A. C. Black, E. B. Burns, W. G. Gould, J. E. Gowan, M. V. Lyon, O. H. Egge, A. Trudson, A. L. Havens, H. T. Stone, C. D. Holmes; Misses Ethel French, Elsie Wingood, Norma Wingood, Mildred Taylor, Laura Taylor, Wood, Wells, Alberta Black, Borden, Knight, Green, Mary Taylor.

**Entertained for Nephews**

Mrs. W. A. Patterson of 401 East Pine street enjoyed a week-end visit from her nephews, Earl and Charles Reeves of Pomona, and on Saturday evening pleasantly entertained for them at her home.

Pink and yellow roses were used for decorations and the time sped swiftly away with progressive ruck and guessing games, the prizes going to Miss Flora McFadden and Melburn Harvey and Miss Adele Breckenridge and Charles Reeves.

Mrs. Patterson served the young people with delectable refreshments late in the evening.

Yesterday Mr. and Mrs. J. C. Breckenridge were hosts at a charming Easter dinner, their guests being the Patterson family, Earl and Charles Reeves and Mrs. Morrison of Sparta, Ill., a house guest, besides the members of the family. Ferns were used for decorations and Easter favors were found at each place. Roses were used to grace the living room.

**Standard Bearers Meet**

The Standard Bearers of the First M. E. church met on Saturday afternoon with Mrs. Fannie Lach on Cypress avenue, and after the lesson, spent a social period and were served with appetizing refreshments.

**For Camp Training**

With their machines filled with a happy lot of youngsters, R. L. Bisby and Harry Garstang left early this morning for the fourth crossing of the creek in Santiago canyon, where the boys will remain until tomorrow evening.

The boys are embryo Boy Scouts and will be in charge of Dick Garstang during their two-day stay in the canyon.

Each boy is equipped with a camp outfit and the purpose of the outing is to give the boys instruction in camp service.

The boys in the party were Geo. Sackman, Chester Horton, Emmert Lippincott, Elwood Lippincott, Geo. Walker, Will Crane, Donald Wesser.

**Hike to County Park**  
A company of about twenty Boy Scouts in charge of Scout Master Guy Campbell and Assistant Keith Davis, left about six o'clock this morning for a hike to Orange County Park. They arrived in time to cook their breakfast, appetites having been whetted by the trip in the keen mountain air. Dinner was also planned to be taken at fresco under the big trees.

**Outing at County Park**  
Troop 3, of the Boy Scouts of the M. E. Church, South, in charge of A. M. Davis, went to Orange County Park this morning for a four-days' out-

ing. Thirty were in the party.

The troop deserves some recreation as a good work was accomplished last week, under the supervision of Mr. Davis, a garage having been erected by the boys for A. Mendoza, pastor of the Mexican Mission church. The church furnished the lumber.

# FULTON SAYS HE WILL BE HARD WORKER IF HE WINS TITLE

To Engage In Battles Every 3 Months If He Defeats Willard, He Avers

BY H. C. HAMILTON  
(United Press Staff Correspondent)

NEW YORK, April 9.—If Fred Fulton becomes the world's heavyweight champion he's going to be a heavy worker, according to the fighting public. Stated in the words of his manager, Frank E. Force, Fulton intends to fight once every three months if he comes into possession of the title.

"Jess Willard and a great many other champions are dead wrong, the way I look at it," said Force. "They sit around and wait for somebody to get good enough to fight. Lots of times there's a husky youngster clamoring for a match who would be a big drawing card if the bout was arranged. Instead they wait around until he gets so good that they are tak-

ing big chances in going into the ring with him.

**Says Fulton Determined**

"You can believe me when I say that just as fast as these hard youngsters begin showing signs of class Fulton's going after them and he's going to lay them away while the laying's good. It's mighty easy to get beat by a strong youngster with lots of speed, pep and endurance.

"Why, Willard made the greatest mistake of his life when he didn't take on Fulton a year ago. He could have beaten Fred then, the chances are. Now when he gets ready to meet this big fellow he's going to have a whale of a fight on his hands, with the chances mighty strong he'll be beaten. Willard's policy has been to sit around, get fat, and wait for someone to get good enough to beat him. And believe me, Fulton has grown that good."

There's more than idle speculation in what Force said. In case one of these tough youngsters should come along and get going good he might be ready for a real claim to a bout for the championship in a short time. If the champion can point back to a knockout when the youth was a comer he can postpone the meeting with that youngster almost indefinitely.

Fulton, so far, has lived up to what Force says. He has met all the tough youngsters and knocked them off. He has gone carefully back over his record and finished off the scrappers who had once held him short of victory. He has made a careful campaign and improved fast. Jess Willard's crown is resting mightily feebly on his ponderous brow as a bout with Fulton looms nearer and nearer.

**BOOZE SELLER PAYS CASH; OUT OF JAIL**

Frank Lopez, arrested and convicted a few weeks ago on a charge of selling booze, was released from jail Saturday. He was sentenced to pay a day or two of his own money in jail. He had served nineteen days in jail, giving him a credit of \$38, and he paid \$42 in case to City Marshal Jernigan.

# THREE - FOURTHS PEOPLE OF L. A. THIRTY DAYS FROM WANT

Los Angeles Men Give Statistics At Open Forum Yesterday Afternoon

Seventy-five per cent of the people of Los Angeles are only thirty days removed from hunger, according to the statement of Los Angeles speakers at the open forum yesterday afternoon.

Single tax was the subject under discussion and Messrs. Keen and Barager were the speakers. They gave statistics as to conditions in Los Angeles and California. According to their statements a fraction less than 9 per cent of the people of Los Angeles own their homes free of debt and 75 per cent are only thirty days from being hungry—would be hungry in thirty days if they should lose their jobs.

One of the speakers advocated the formation of a new political party for the purpose of getting the land and other natural resources into the hands of the people. In their opinion, the people and the corporations pay the railroad corporation taxes.

C. H. Wilson resigned as vice president and Virgil Pysent was elected to fill his place.

"Does Santa Ana Pay Her Employees a Living Wage?" will be the subject for next week's discussion.

M. Kinsey succeeds him.

The meeting of the W. C. T. U. last Wednesday afternoon was of unusual interest. Preparations were made for a big delegation to attend the county convention at Anaheim April 17 and 18. Mrs. L. Kyes, Mrs. C. W. Warner, Mrs. S. E. Hearn, Mrs. C. D. Heartwell, Mrs. C. R. Furr and Mrs. Grove were elected delegates. Plans were completed for the entertainment of Mrs. Frank DeWitt Wheeler who the following Sunday and Monday spoke at several of the churches and schools of the city. The superintendents appointed for the year's work are as follows: Mrs. C. H. Howard from the Methodist church, Mrs. S. G. Hutz from the Christian church, Mrs. W. M. Coates from the Baptist church. The following heads of committees were appointed: Mrs. J. E. McKillop, parliamentary legislature; Mrs. C. R. Furr, Sunday school; Mrs. M. Strahan, Palm cottage (fair and open air meetings); Mrs. C. D. Heartwell, music; Mrs. Mary Van Fleet, press; Mrs. C. W. Warner, California Home for Women; Mrs. J. N. Hearn, flower mission; Mrs. W. J. Purcell, Mothers' meeting; Mrs. C. D. Heartwell, white ribbon.

The ladies of the D. A. club gave a 7 o'clock dinner at the home of Mr. and Mrs. C. H. Howard on Tuesday evening, the husbands being the guests of honor. Easter games, vocal and instrumental music added to the pleasure of the evening. Those present aside from host and hostess, were Mr. and Mrs. C. E. Lavering, Mr. and Mrs. Richard Drew, Mr. and Mrs. H. T. Dunning, Dr. and Mrs. F. E. Wilson, Mr. and Mrs. R. H. Dow, Mr. and Mrs. S. Floyd Keener, Mr. and Mrs. Chas. Burley Camp, Mr. and Mrs. J. B. Farwell, Mrs. S. Jennie MacDonald, Messrs. C. G. Boster, John Kellie MacDonald and Marcus Howard and Miss Virginia Howard.

The approaching wedding of Miss Margaret Osterhaus and Eugene Trusdell Reed of Monrovia, has been announced for April 11 in Monrovia.

Sergeant R. C. Reynolds of Yuma, Ariz., has been visiting with his wife during the week.

C. H. Mansur has sold his dairy business to W. P. Wilson.

Miss Valentine Cunningham has opened a studio known as the Valentine Conservatory of Music in the Johnson building.

Mr. and Mrs. H. H. Campbell have returned from Covina where they spent the greater part of their two weeks' vacation.

The Woman's Club meets Tuesday afternoon, April 10. There is special business to come up besides the regular program. Mrs. Mary V. Bushard will talk on "The Life of Edward McDowell." Mrs. G. A. Shank will give the history of the phonograph.

The local Masonic lodge will have third degree work on the evening of April 13.

# HUNTINGTON BEACH ASK LIGHTING AT TENT CITY

Question of Fire Fighting Apparatus Still to Be Settled At Beach

HUNTINGTON BEACH, April 9.—Better lighting facilities than have before been enjoyed by the patrons of the Tent City will be their lot this year if the request of C. W. Warner is granted. Warner has asked the city trustees to provide gas lights at the four main entrances to camp grounds. The matter was referred to City Manager G. W. Spencer for action.

The city trustees at the last meeting discussed at some length the matter of fire fighting apparatus. Some would repair what is already on hand while others maintain that the present apparatus is not worth repairing and that it would be more economical to purchase a small truck for the purpose desired.

The Railroad Commission was asked to set a date for considering grade crossings in this city with a view to safety devices.

Henry Gibbs is suffering from torn and badly strained ligaments of his left ankle, resulting from a fall caused by slipping in some oil which had formed a puddle on the floor at a supply station. The foot is badly swollen and the prospect is that it will be several weeks before he can walk.

Mr. and Mrs. H. D. Jackson have returned from South Pasadena where they were the guests of Mr. and Mrs. P. H. Dowd.

A. C. Burrows, who for six years has been in the employ of the Pacific Electric and Wells Fargo companies, has moved to Torrance, where he will be employed in the same capacity.

# INCREASE ACREAGE OF BEANS. INCLUDES 300 OF NEW BUSH

OCEANSIDE, April 9.—Huchting Bros. of Encinitas, this week received a car of seed beans consisting of several different varieties which will be planted on the large acreage in this part of the county.

Nineteen tons of the shipment are limas, which will be sufficient to plant 1100 acres. There are enough Lady Washingtons in the car to put in 1500 acres. In addition there is seed for 300 acres of Henderson Bush, a variety which is being pushed strongly by Huchting Bros. as a coming bean in this section. Blackeye beans sufficient for 400 acres are included in the car.

Over half of the acreage represented in the carload of beans is new land never before planted to beans. Besides this all the former bean land is being put in and the coming season promises to see the largest amount of bean acreage ever planted in the county.

With any kind of good weather the bean men have the promise of good prices under present contract arrangements and all are looking forward to making money from the coming crop.

# BROKEN DOWN IN HEALTH

Woman Tells How \$5 Worth of Pinkham's Compound Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."

—MRS. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

## BAKER AND BARKER IN KANSAS BATTLE FOR TITLE IN WHITTLING

CHANUTE, Kan., April 9.—Professional jealousy has stirred the rivalries of the two acknowledged cracker-box champion whittlers of Kansas. It came about thus:

A. B. Baker, an old soldier of this city, has been a famous whittler all his life, but until the past year had never had occasion to prove his right to the state championship. It was his by default, according to his enemies; by consent, according to his friends.

But last year another old soldier whittler, John Barker, came to Chantute. He believed he was more adept at the art than Baker and did not hesitate to say so. Furthermore, he whittled out several unique articles to prove his contention.

Old Man Baker snorted in disdain and set about to show the outsider a few wrinkles in what could be done with a pocket knife and a piece of wood. He scorned such soft wood as pine and used oak or walnut when he could get it. The contest now is nearing the close of its first year.

Baker's friend now claim the championship for him from the fact that from a thick walnut board he has whittled out a picture frame made of 104 small pieces and joined together so adeptly that no one can tell where the joints are made. Baker and his friends, as you might say, pause for reply.

## SAYS NEIGHBOR THREATENS HIM WITH AN AX

Wants Bond From Man He  
Declares Offered to Make  
Mince Meat of Him

J. S. Rockwell of Anaheim says that his neighbor, George Barry, has threatened to make mince meat of him, and Barry is not pleased with the situation. This morning Rockwell visited the district attorney's office, and there Rockwell's side of a controversy over a boundary line and irrigation water was told. Differences of opinion over boundary lines has been the basis of many a disturbance, and irrigation water, too, has a long record as a disturber. The two of them seem to have risen between Barry and Rockwell to break the peace of the neighborhood.

Rockwell said that Barry handled an ax in a threatening way some time ago, and Rockwell walked away. Yesterday, the two men met near the boundary line. Rockwell says that it was then that the mince meat conversation took place.

Deputy District Attorney Koepsel concluded to have Barry brought into court to show cause why he should not give a bond to keep the peace.

**Ramon Yorba Again**

Ramon Yorba, Jr., has another complaint against him. He has been out of jail several weeks, and during one of those periods between stays in jail he has been employed part of the time as a blind pig detective and, according to a report received today, a part of the time in bootlegging. Last week Officer Murray swore to a complaint charging him with vagrancy in that he seemed to have no visible means of support. Before the warrant was served, Yorba was gone. Today Constable Combs of San Juan Capistrano swore to a complaint charging him with selling liquor illegally.

**Gambling Game**

Yesterday without warning, Sheriff Jackson walked into a poolroom at Los Alamitos, and broke up a card game that was going on in a corner. The players grabbed for the money on the table, but the sheriff rescued \$5.95. The men arrested for gambling were Manuel Hernandez, L. S. Seldon, Calisto Deana, Miguel Marquis and B. Seja.

## ORDER SUSPENDS VACATIONS OF EMPLOYEES OF P. O.

### Members of Local Force Who Have Not Had Recreation Period Are Losers

The war will come home direct to all the employees of the local postoffice who have not taken all or a portion of their annual vacation. Orders issued Saturday by Postmaster-General Burleson suspend vacations of all employees of the department throughout the United States. The order is a result of the war situation.

Postal employees are permitted certain periods of vacation, to be taken at once or at different times in the year, at the pleasure of the employee. Some of the local force have already had a part of their vacation. Those who have waited for the summer will lose out.

Another order issued by the postmaster-general is of local interest. He has suspended mail service to Germany during the war and also instructed all postoffices to refuse as well any mails destined for Austria, Hungary, Luxembourg, Bulgaria and Turkey, as it cannot be dispatched at present without passing through Germany. Mail from the countries last named which may be received in the United States will be sent forward to destination.

Postmaster-General Burleson also has suspended postal money orders between the United States and the German empire. International money order offices will decline to pay orders drawn upon them by German offices on and after April 6.

### AT THE COURTHOUSE MECHANIC'S LIENS ARE BACK OF TRIAL TODAY

Judge West is today hearing evidence in the cases in which the Consolidated Pipe Company and W. A. Borden are plaintiffs and Benjamin W. Elliott of Fullerton is defendant. Elliott had a well put down on his ranch, and the actions against him grew out of mechanic's liens. Wheeler & Sweet are attorneys for the plaintiffs and John Clarkson appears for the defendant.

**SPRING COLDS ARE DANGEROUS**

Sudden changes of temperature and underwearing bring spring colds with stuffed up head, sore throat and general cold symptoms. A dose of Dr. King's New Discovery is sure relief; this happy combination of antiseptic balsams clears the head, soothes the irritated membranes and what might have been a lingering cold is broken up. Don't stop treatment when relief is first felt as a half cured cold is dangerous. Take Dr. King's New Discovery till your cold is gone.

## TRACES OF RAIN THIS MORNING ENCOURAGED LOCAL GRAIN FARMERS

With no rain since the 15th of March and the total for the season about six and a half inches less than it was to date last year, grain farmers welcomed the trace of rain which fell this morning, with hope that it might develop into a good storm. To date this season the total is 11.46, against 17.91 last year.

The fall this morning was hardly sufficient to register and the later hours brought no more moisture. Indications late this afternoon were not favorable.

Rain is needed badly for growing grain, and unless it comes with the next two or three weeks, there will be little grain raised except in favored sections.

Bean growers, however, are not worrying much over the shortage of moisture. The lands are in fine condition and the opinion is expressed that even if no more rain should come, the crop in this county will average as good if not better than in previous seasons.

## SECURES VALUABLE ORANGE AND LEMON GROVE IN EXCHANGE

C. V. Davis, of the Dragon, has traded his residence property at the corner of Broadway and Halesworth streets in on a fourteen acre Valencia orange and lemon ranch on Tustin avenue, north of Collins avenue, Orange. The deal was made with D. M. Peters.

Peters will move to the Broadway residence about the first of June, Davis remaining there until that date. Davis will not move on to the ranch.

## USEFULNESS OF REAL AGENTS TO BE SUBJECT WEDNESDAY LUNCHEON

The real estate men of the city are to have an inning this week, and they will shine at the Chamber of Commerce luncheon to be held at Taylor's merce luncheon to be held at James' Wednesday.

J. E. Liebig of the real estate firm of Carden & Liebig, is chairman of this week's luncheon, and he has asked Linn L. Shaw to speak. "The Usefulness of the Real Estate Agent to His Community," will be the topic of Shaw's address.

## MEXICAN GUN TOTERS IN HANDS OF POLICE

Local officers are keeping a close watch for Mexican gun-toters and every effort will be made to keep weapons out of the hands of the choles.

Two fell into the hands of the officers yesterday, one of whom was detained and the other permitted to go pending an investigation.

B. R. Zunica was picked up by Officer Cook. He had a 32 revolver on his person, and when he appeared before City Recorder Heathman this morning his trial was deferred until a later date, when an interpreter could be secured.

Brantio Monsibais delivered up a pump gun to the city marshal. Monsibais, according to the story he told, lives at Whittier and recently chicken thieves have been invading his place. Yesterday he came to the home of his mother and secured the gun, for the purpose of keeping it handy at his home for use in protecting his chickens. The gun was unloaded. Jerinikan kept the gun and if he finds that Monsibais told the truth, it will be sent to him at Whittier.

## TEUTONS IN 1 COUNTY OF N. DAKOTA NOT IN RUSH TO BE CITIZENS

BISMARCK, N. D., April 9.—Not a German name appears in the list of petitioners for naturalization papers who will be heard at the approaching term of the district court of Burleigh county in May. There is a large German population in this part of the state.

## ANAHEIM MOTORIST IS THROWN AND INJURED

ANAHEIM, April 9.—Tommy Hedges was injured when returning from Los Angeles. The spokes in one of his auto wheels gave way and he was thrown out. His right shoulder was dislocated, and his right ankle and two fingers of his right hand were injured. Hedges had been taking in the ball game at the Angel City and received his injuries on the way to his home here.

## CHICAGO UNIVERSITY BALL SQUAD TO DRILL

CHICAGO, April 9.—Arrangements are being made for the University of Chicago baseball squad to engage in military drill just before practicing every afternoon. An effort was made today to get army rifles for this squad. The boys don't like shouldering arms with ball bats.
